

## John Calvin in Hell

Pastor Bo Ra Choi has been pastoring a small church in South Korea whose members have been praying daily for 7 hours while fasting. Pastor Bo Ra Choi had a vision of Hell a few years ago and saw so many people in this place. John Calvin is in hell now:

No one would believe you! What is the reason for telling them? Even though you tell them, they won't believe you! Why are you exposing me? Why are you exposing me when no one would believe it

No one has ever seen me yet nobody has seen me here. Why are you revealing me? I'll be destroyed! I'll be destroyed! No one has ever seen me even though you tell them They will not believe that I, John Calvin, am in hell. No way! They won't believe it. They have blind faith in the doctrine. They won't trust you

No way! they won't believe it, why are you revealing me? Stop bothering me! Please leave me alone! Please leave me alone! Go away! Just leave me alone. Do you think you'll be safe after you see me?

You won't be safe I won't let you be safe! I won't let you be safe! That's enough! Stop here. Stop here. Stop here. You came in too deeply. You came in too deeply. You came in too deeply!  
No one would believe you you came too deeply

Please leave me alone! No one has seen me. Leave me alone I'm so scared of Lucifer (devil). He is so cruel. If you are sure that you'll take me out of here I will tell the whole truth. I will tell you the truth about what I did to the Servants of God who are filled with the Holy Spirit and chasing away evil spirits.

I will tell you all the truth about how I was used by Satan (Lucifer). Satan raised my name. Lucifer used me all up. If you can take me out of here if I can avoid tortures, I will tell you everything, I will tell you everything.

But you cannot guarantee safety for me to escape from Lucifer! You don't have to take me out from here from hell If you can just free me from Lucifer, I don't have to come out from hell  
It's that much suffering. So scary. I even get scared when I hear his footsteps. So scary.

I got sick of this life. It's been a long time living like this. I draw a number of people who believe my doctrine. I was a fish hook attracting people to hell. I didn't know my Doctrine would have a huge impact on people. I didn't know my Doctrine would accomplish this result.

I didn't write it by myself. I wrote a doctrine inspired by Satan. I seriously didn't know that my Doctrine would have this huge of an impact on people! Just once, please take me out. Even I couldn't run away from doctrine. Ultimately, I was a heresy. I thought I believed in Jesus and followed the truth of him in my own way, but I was wrong. But I was wrong I concentrated on things other than Jesus

Please take me out. Please take me out. I am not a very faithful man. I'm not a very faithful man as you guys think. I'm a dirty and abominable man who was loyal to Satan.

I overrated myself and worked against God. Because I was so arrogant I was used by Lucifer  
Please walk far away from Calvin's doctrine, it's not even what I wrote. It's not even what I wrote. Lucifer wrote it, I didn't know it would make history.

Jesus is the way to Salvation! He is Lord! Stop clinging to man Ahhhhh! this is so painful! this is so painful! Please help me to avoid these tortures.

Ahhh! Ahhhh! John Calvin was buried in the ground except his head uncountable scorpions having teeth as sharp as a saw crowded around him and chewed his face. Some of them were on his lips. The black scorpions Ahhhh! They also chewed Calvin's body in the ground. Ahhhh! The snake has teeth like a saw and it passed through his body and it looked like a needle tacking up a cloth and it passed through his body

Calvin's flesh is Torn to Pieces like a watermelon goes to smash when it falls on the ground. His wrists were shackled cruciformly and the deep blue fire came up to him and went across his feet. Calvin's head was bursted like a bomb because of fire and was terribly wounded. Lucifer was sitting on the throne and glared at John Calvin. Lucifer's face turned purple with rage because he got angry about telling the truth but Lucifer can't stop it because God made it so.

Calvin's head was seriously wounded but it was not serious enough to stop him from telling the truth. How much longer do I have to be in torture!? No one had ever found me here. No one had ever found me here but why are you exposing me and embarrassing me? Leave quietly people wouldn't listen to whatever you tell them. People wouldn't listen to whatever you tell them stop putting in useless effort don't waste your breath for nothing. Don't waste your breath for nothing, it's going to hurt you.

Yes, yes I hated people. I hated people who received the Holy Spirit and pastors who drove away evil spirits because I couldn't do that. Because I couldn't do that cruelly they were crucified and burned. And I enjoyed watching them dying. What do you want to hear from me next?  
Yes, I did a deep field of study and knew more than others. That knowledge ruined me at the end. Do you want to know more? I loved money more than God! and of course and of course I was an obscene man because I loved money, I was dirty!

Pastors in the present are even worse than me! I wasn't really the one doing bad things but why are you revealing the truth of me? I won't let you do it but why are you revealing the truth of me?  
I won't let you do it. Please leave me alone! Leave me alone!

I have! I have killed so many lives Including people who stood against me. I set them on fire. I seriously hated people. Though I came out from Catholicism I was just another heresy. Though I came out from Catholicism, planned I was Antichrist and used as Lucifer planned. As it says in the Bible, "Antichrist" is me!

Don't follow the Calvin's Doctrine you will become another heresy. Abolish my Doctrine in the theological schools! and get rid of them all! Get rid of them all where would the people who learn the Calvin's Doctrine go? Where would the people who learn the Calvin's Doctrine go? They will fall into hell!

No, no more! This is so painful! My punishment is increased as the number of people come to Hell increase who believed my doctrine!! You may tell the truth. We have no time to waste!  
Because of my doctrine an enormous number of people come to hell

People who go into Presbyterian church can't be rescued. People go into Presbyterian church can't be rescued. Believe Jesus who is above me Believe Jesus who is above me. He is the only way for salvation. He is the only way for salvation don't concentrate on the book made by humans. It's the way to hell. It's the way to hell

Why are you studying what man-made? Look at the Bible. Everything is in it. Because people look for books other than the Bible, they are used by Satan for believing what human translated, which is not by Jesus nor the Holy Spirit.

What did convince Judas (who betrayed Jesus for three silver coins)? Human knowledge. Due to wide knowledge I fail, too. I learned too much. I didn't actually come out from Catholicism  
It's from my greed. I try to attract people through religious reformation. All of people had followed me came to hell.

This is enough. Now, leave me alone. I've told you a lot of things. My family came to hell.  
My family came to hell. Because of me, they came to Hell! Please leave me alone. Pain is enough for me  
Don't bother me anymore. No one has ever found me before you God, I was wrong. I was wrong

You gave me a chance to return to you but I refused it. Repent of your sin My doctrine doesn't teach how to repent. In my Doctrine, if you attain salvation that is all. It meant you don't need to repent anymore after salvation. But it is totally wrong. Ask God for His forgiveness, so you can go to heaven after death.  
Though you have sins that go against Him you can be saved by repentance and keep asking for God's forgiveness until you die.

On account of my doctrine, many heresies began to emerge. Ahhhh... Jesus, please forgive me  
I didn't know my Doctrine would create a boom in Christianity I didn't know my Doctrine would create a booming Christianity. Be aware of the truth Abandon human knowledge. Human knowledge will prevent you from the truth. Judas was a wise man and the deep field of study.  
But he wasn't awakened to the truth, because he was filled with himself and Jesus didn't exist in him.

In contrast, Peter (one of Jesus's disciples) was not a sophisticated or knowledgeable person.  
All he knew was how to hook a fish. But he lived for Jesus. You should live like Peter. Being a bright man led me to hell. I am a heresy go against Jesus. But God clearly gave me a chance to repent. However I chose Satan because of my greed. However I chose Satan because of my greed. I have more secrets to tell you. I have more secrets to tell you. But, I won't talk about it anymore.

This is so painful. No one is going to believe you. Why are you trying to tell? The way for salvation of the Presbyterian church is to get out of me and look at Jesus. In theological School itself, has to stop teaching Calvin's doctrine. Lucifer is using me because I was an antichrist who he planned to use since long time ago. Be awake! don't follow my way. I am a heresy.

If you guys follow my way. Be awake! don't follow my way. You will eventually go to hell because I'm an antichrist. You don't want to abide Jesus in you for a comfortable life of faith. Please throw away my doctrine. Please throw away My doctrine. It will open the way to salvation.

No one has ever found me but you. This will be a remarkable event. Lucifer will interfere with revealing the truth. But, God will defeat him. But God will defeat him. It may require great cost of life.it may require great cost of Life Pastor, stay healthy! You can't do anything in this condition. You are the only one who can reveal the truth of me. Don't be afraid. Be strong and brave.

Devote yourself to the word and prayer and concentrate on God's word only. Don't worry about anything. God will use you This is just preparation process. Don't think about the end of play

God has planned for you plan for you your next scene. He will make you cry out the gospel. Don't feel concerned about being martyred. Be strong and brave. I envy God's love for you I envy God's love for you. He loves you because you obey him You always try to follow the order of God. He thinks highly of your faith. He thinks highly of your faith, if I had been like..you if I had been like you...Pastor, please don't betray God like I did Don't go astray. Only concentrate on the truth and praise God and go to heaven.
